## **NOTICE OF ALLOWABILITY**

### **Examiner's Amendment**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Raymond Werner on January 19, 2005.

Amend claim 36 as follows:

36. (Currently Amended) The apparatus of claim [35]34, further comprising: means for receiving, prior to storing any transaction type and prior to storing any dollar amount, an input from an accept function key.

### **Allowable Subject Matter**

Claims 25-39 are allowed. The following is a statement of reasons for the indication of allowable subject matter:

Applicant's arguments filed October 25, 2004 have been fully considered and are persuasive. In addition, the prior art does not teach or suggest the claimed means for receiving inputs, means for prompting an operator, and means for displaying information of gaming transactions as required by independent claims 25 and 34. Claims 26-32 and 26-39 are allowable for being dependent upon claims 25 and 34.
